

DISTRICT 7

WHAT MAKES DISTRICT 7 SO SPECIAL?

District 7 has the longest growing season of all of the districts, a result of the chilled marine air from the Monterey Bay that rushes down the Salinas Valley each day. For cool climate varieties like Chardonnay and Pinot Noir, we source the grapes from our estate vineyards in the northern reaches of District 7, where morning fogs often

CALIFORNIA IS DIVIDED INTO 17 GRAPE CRUSH DISTRICTS, ENCOMPASSING A WIDE RANGE OF CLIMATE, TERRAIN AND SOIL TYPES. DISTRICT 7 IS MONTEREY COUNTY, HOME TO WORLD-CLASS VINEYARDS AND EXCEPTIONAL WINES.

linger until mid-day. This allows the intricate fruit flavors to develop while preserving crucial acidity. For sun lovers like Sauvignon Blanc and Cabernet Sauvignon, we grow the grapes on our estate vineyards located further south in District 7, where sunshine-filled days are followed by the cooling maritime influence in the late afternoons.

CRAFTED FROM 100% ESTATE GROWN WINE GRAPES

CHARDONNAY

Our Chardonnay is grown on our estate vineyards in the cool climate zone of District 7. It is a classic Monterey Chardonnay, with tropical fruit flavors of pineapple and pear complemented by a light touch of butterscotch and a bright acidity. Lush and complex, D7 Chardonnay is sure to be a crowd-pleaser.

PINOT NOIR

The grapes for our Pinot Noir were sourced from our cool climate estate vineyards, with top notch clones that produce rich, aromatic wines. Flavors of black cherry and strawberry are complemented by a touch of vanilla and toast that linger in a long, silky finish. It is an elegant, balanced offering that is the ultimate food wine.

CABERNET SAUVIGNON

Our Cabernet Sauvignon grapes are grown in the southern reaches of District 7, where the long, warm days are followed by dramatic nighttime cooling, preserving the balance of the fruit and maintaining acidity. Concentrated flavors of blackberry and black raspberry are framed by well-integrated tannins.

SAUVIGNON BLANC

Our Sauvignon Blanc is a vibrant wine with a lively array of melon, passion fruit and citrus flavors that finishes with a refreshing, crisp acidity. It makes a lovely apéritif or as an accompaniment with sushi, shellfish, herbal-prepared white meat dishes, and spiced ethnic cuisines.
